FEAR OF STATE AS TO PLAN OF SEWERS AT COUNCIL MEET

(Continued from Page One.)

Within the next two or three days, to vacate the room on the second floor of the West Side police station. The motion was by Councilman Stoner and was adopted. A new grade was established and approved in 1907, which would make a cut in front of the properties of J. Melvin Gray, E. C. Dwyer and others.

George Eucker will be notified to place a sidewalk in front of his property on Arch street. It was reported that the sidewalk is slightly higher than the others on the street, and it was estimated that the grade stakes might have been tampered with.

Upon motion of Councilman Stoner, a set of four jacks was ordered for the new fire truck. Councilman Buttermore thought the garage company was to furnish all equipment, but he was assured the jacks were not a part of the regular apparatus.

The salary of the Borough Engineer was fixed at \$1,800 a year upon motion of Councilman Hayes. This is to include all expenses of the engineering office.

Councilman Buttermore thought \$1,800 was too much and insisted upon a daily wage for the actual amount of time consumed in city work. Councilman Friel stated that, for the past two or three years, the engineering work had cost approximately \$3,000 a year. Engineer Friel said that from one-fourth to one-third of this amount was for making the plans for a comprehensive sewer system and sewage disposal plant. It was reported that the expenses for the last twelve months was \$2,047.57. Of this amount \$657 was for expenses on the sewage plans.

Councilman present were Melvin, president, Grant, E. C. Dwyer, Friel, Brennan, Stoner, Decker, Hayes, Bishop, Buttermore, Clark and Reynolds.

The Carpet from Bagdad

A NEW STORY by
HAROLD MACGRATH

BRILLIANT tale of the
Orient, full of color and
with never a dull mo-
ment, is the new serial we
have secured and which we
will print in installments.

The Carpet from Bagdad

is probably the best and most
fascinating story that has
thus far come from the pen
of Harold MacGrath. The
plot, starting with the theft
of a rare and holy rug by an
American adventurer from
its Moslem owner and sold
to an American collector, is
MacGrath's most salient
stroke of originality.

You will enjoy following the
fortunes of the little group
of Americans who meet
dangers amid the strange
surroundings of the Near
East, and who come home
only to be involved in more
dangerous and remarkable
complications.

\$10 FEE WHEN YOU JOIN
\$10 MONTHLY PAYMENTS

WE WANT you to fully appreciate how it is possible for us to grant you such extraordinary terms of payment on Pianos and Players of such value. Easy terms are easy to make on instruments that cost little. The dealer has only small amount of capital tied up. Pianos and Players such as our Club offers for the first time can only be sold on such easy terms because we made a cash purchase deal for 1,000 of one grade and kind, and nearly as many of two or three others. Only by actually gigantic transactions is it possible to reduce buying and selling expenses so that the public can have a real money-saving advantage. We can enter into such operations because we have an almost unlimited outlet for the goods. Through nearly a hundred distributing points, including the largest stores in several cities, one the largest in the world, we reach right at their homes nearly one-third of the population of the United States. No wonder we can put on big club sales. Every reader of this announcement may reap a splendid advantage by joining this Club, and we urge all who possibly can to join it now.

CLUB EXTRAS:

Besides saving you \$100 on a Piano and \$150 on a Player, and allowing unheard of terms, this Club offers you a series of extras that multiply the advantages of this plan of buying pianos from your point of view.

CASH REBATES We share with our thousands of customers every benefit that cold cash can secure. We have these all laid by ready for you. So, if you choose to pay for your instrument faster than your club contract requires, our rebates will hand you back 25c on every \$1.50—a rate of interest 3 or 4 times higher than a bank could pay you.

LIFE INSURANCE Every Club contract is an insurance policy. If a member dies before the end of the contract, and is not in arrears, all remaining payments are cancelled and a receipt in full is issued.

FREE EXCHANGE We agree to give you a full year's use of your piano and any time allow you to exchange it for another of equal or greater value, or for a player. This full year's trial is a most liberal proposition.

FREE: A lot of things. Delivery anywhere east of the Mississippi river; tuning for one year; with the Piano a stool and scarf; with the Player a bench, scarf and 12 rolls of music, your own choice.

The Pianos Our Club Offers

We have been exceedingly fortunate in the instruments we secured for our 1912 Club. They are all high grade, known the world over and backed with an unlimited guarantee. That is, the pianos are guaranteed forever, not merely the usual limited guarantee. The names of the makers of our 1912 Club Pianos and Players add materially to our own guarantee of quality and perfection. We never offered the public a line of instruments for which we were more confident of universal approval.

We have 60 branch stores and many more agencies. Call at once—or write. Get our Club Literature and Join at once. Delay may cause you disappointment.

A MAGNIFICENT RESIDENCE SECTION.

In the selection of a home site, care should be taken not only to find a place which affords natural advantages but one as well which is susceptible to the efforts of the home place developer. Such a place as this we have obtained in North Scottdale, located in the northern part of the city on the extension of Chestnut Street, in the direct line of improvements of all kinds. It is surrounded with natural advantages, being within only a few minutes' walk of Schools, Churches, and business Center of the City, making it the most desirable place in which to live, and with our improvements completed it will be the handsomest home section, not only of this city, but one that will challenge comparison with any in all the country.

"North Scottdale" is bound to become the most profitable investment property in Scottdale, just as has been the case with beautiful new home sections of other cities.

WE WANT YOU TO LOOK OVER "NORTH SCOTSDALE"

You cannot afford to neglect this opportunity to secure select property for building a home or for an investment of a portion of your monthly earnings. Scottdale property offers an excellent investment, for it will climb steadily in value while you are paying for it.

Remember that Real Estate values are now set in North Scottdale very low, and are bound to increase steadily just as we have seen them grow with the progress of the country and this locality in the last few years.

A BUSY TOWN

The general offices of the H. C. Frick Coke Company are located here, occupying two large three-story buildings and employing a large clerical and engineering force. In these offices the payroll for 18,000 employees of the company, covering the entire coke region, is made up. The company's car shops give employment to 150 men. The Scottdale Furnace of Corrugau, McKimney & Co. employs 200 men and has a daily output of 350 tons. The Scottdale Foundry and Machine Shops employ 225 men; the Crescent Mfg. Co., 225 men; other similar plants, 200 men. Four banks with deposits of approximately \$3,000,000. Fine volunteer fire department. On Southwest Pennsylvania, B. & O., and P. & L. E. railroads. Interurban trolley service. Cars every half hour both ways. Educational facilities unsurpassed. New \$85,000 high school building. Commercial college. Twelve churches, mostly fine structures. Fine residence section. Town ranks high in State health records.

The Auction Lot Sale is Friday and Saturday, July 19-20 and we are looking for you.

All run down tired out nerves shattered no life no energy no vitality depressed easily fatigued despondent DOWN and OUT like so many other men and women? Why don't you use WADSWORTH'S NERVINE. It has brought rest and health to thousands and restores strength and vitality to the exhausted. It is DIFFERENT from anything else. It contains no alcohol morphine or any other narcotic. WADSWORTH'S NERVINE. If your doctor will not order it for you it will be mailed on receipt of \$1.00. Write to WADSWORTH'S NERVINE, 255 South Main Street, Boston, Mass. 02101. It is a nervous tonic. It gives you a new heart and a run down system. It is the ONLY dependable remedy. Results are prompt and permanent. A few doses make you feel LIKE NEW. It has no harmful effects. It is good for men and women. A trial convinces. WADSWORTH'S NERVINE is sold in this city by Graham & Company.

Suddenly the great game in the summer of 1910 stopped.

"What's the trouble?" shouted the grand stand. Let the game go on!"

"Make them play! thundered the bleachers. Sink the umpire!"

"Just when the man you came out on I held up his hand."

Patience, gentle men, patience! The game will go on just as soon as the fly cops can chase that fleet of airplanes from over the diamond. Those on the ground are the balls as fast as they are batted upward.

And then the fly cops began to fly from every direction.

Speaker Clark Promises to Aid Woodrow Wilson's Campaign by Making Speaking Tour in Fall

CHAMP CLARK WOODROW WILSON
COPYRIGHT 1912 BY AMERICAN PRESS ASSOCIATION

SEA GIRT, N. J., July 17.—Speaker Champ Clark, who came here for a conference with Woodrow Wilson, has promised to make a series of speeches for the Democratic ticket after Congress adjourns. Mr. Clark says he has never failed to take part in a

Democratic fight since he entered politics, and he will follow his usual course this year. The speaker remained at the "Little White House" for nearly two hours, and much of the time was in secret conference with candidate Wilson.

SOMERSET COURT RULES THAT SCHOOL CONTRACT IS ILLEGAL

Directors Enjoined From Erecting Structure Until They Meet

SOMERSET, July 17.—In an opinion in the equity proceedings of the Somerset Township against the school board, Judge Rappel ordered the contract for the construction of a new school building illegal. The contract had been awarded Benjamin F. Ammer and Frank H. Granger on their bid of \$25,000.

The school directors are presently restrained from erecting the new structure on the present contract, and are enjoined from building on the site until they get title to an alley through the plot, by quitclaim deed from the Miller heirs from whom it was purchased, or by satisfaction by a deed approved by the court. The directors are assessed the costs of the case.

Judge Rappel, in his opinion, suggests that the action of the township for which pupils would attend school in the proposed new building be annexed to the borough. A joint meeting of township and borough school directors to consider such a reorganization, will be held Friday evening. If the borough lines are extended it is likely the old school district, reduced by the school code, will be included.

SOMERSET SHERIFF TO HAVE FEE ACT DECLARED INVALID

Hickard Spurred by Ruling of Chester County Court as to Constitutionality

SOMERSET, July 17.—Sheriff Charles F. Hickard has received a letter from Sheriff David Jones, of Chester County, in which he said the court of that county had declared the Sheriff's and Constable's fee act of 1911 unconstitutional, holding that it is a general legislation because it does not affect all the counties of the State. It is likely Sheriff Hickard's attorney, A. L. G. Day, will take steps to have the Somerset Court pass upon the act.

The act of 1911 stipulated that of 1901 and reduced sheriff's and constables' fees materially. The charge for serving writs and subpoenas was cut to 15 cents, while the district mileage was reduced from 20 to 12 cents.

The decision of the Chester court affects 64 counties.

NINE NABBED AT MR. PLEASANT

Six Italian Boys Found Guilty of Entering Freight Car

MR. PLEASANT, July 17.—Six Italian boys were arrested by Constable James Ellis for breaking into a Baltimore & Ohio box car at the East End, yesterday. Railroad detective Phelan came here to look into the matter. In the crowd were Andy Straus, the two German boys, the two Suburban boys and James Reetz. The boys pleaded guilty before Judge L. S. Rhodes and paid the costs. They were accused of stealing cigarettes.

Constable Ellis also arrested John Zlatoski of Monaca, for disorderly conduct. This case was tried before Judge L. S. Rhodes.

John Klew and John Kodranski were arrested by Constable Ellis for the larceny of a keg of beer.

Connellsville Has to Bow to the Inevitable—Severed of Endorsements Prove It.

After reading the public statement of this fellow-sufferer given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this!

D. C. Stough, 158 N. Diamond St., Mt. Pleasant, Pa., says: "My back was extremely weak and lame and if I did any work that required much stooping, I was in misery. The kidney secretions passed too frequently and when being voided were attended with a scalding pain. Having Dr. Doan's Kidney Pills brought to my notice, I began their use and I am glad to say that they have brought about a marked improvement." (Statement given October 26, 1907.)

CONFIRMED PROOF.
On October 20, 1898, Mr. Stough added to the above: "The statement I have previously given in praise of Doan's Kidney Pills still holds good and I have no objection to its continued publication. The relief I received has been lasting."

Since 1793 People Have Believed in Connellsville

From the windows of our Carpet-Room, sixth floor, one can almost pick the spot on the West Side, where, previous to 1772, Colonel William Crawford set up a log-cabin that later became an inn. Along about 1772 Colonel Zachariah Connell who "put up" at the inn. Colonel Crawford had a daughter—in fact, several daughters—but when Zachariah got the first glimpse of this particular one, Connellsville was as good as on the map twenty-one years before its actual time.

At any rate Miss Crawford became Mrs. Zachariah Connell, and the Connells came across the river. In 1793 the town was laid out, the place can be seen from the windows previously mentioned—and the "believe" in Connellsville grew with every building that went up.

The Courier has our thanks for digging up a copy printed July 26, 1830, which contains a very interesting account of Connellsville written by Mr. H. P. Snyder.

We believe in Connellsville today, tomorrow and every day—in its people, manufactures and resources. We invite you to share our belief.

From day to day this space will contain facts about Connellsville—a great deal of which is unknown to many who have resided a long time in this good town.

\$22.50 and \$25.00 Party and Evening Coats \$14.75

The woman who wants to adopt this newest fashion of dress can do so at a saving. You know of the rage for coats of this class; necessarily they had to be made of fine materials and cut just so. Their cost has stood in the way of being popular among all but a few people. The Clearance Sale brings the lowest price such coats ever sold for. Only three styles—all of double-faced satin with the black side out. One shows grey inside, on the round collar and the deep cuffs; another shows reseda inside. Reseda collar inlaid with ecru cluny lace; black turn-back cuffs. Still another has an under side of garnet, with garnet at collar and cuffs under ecru cluny lace. Choice.....

MAN WOUNDED BY HUTCHCRAFT VISITS IN CONNELLSVILLE

Frank Viscy, Shot in Abdomen by Fayette City Officer, in City.

Frank Viscy, of Fayette City, who was seriously injured when officer John E. Hutchcraft shot into a crowd of angry foreigners at that place, on the Fourth of July, was a visitor in Connellsville yesterday.

Viscy was in the hall of the lockup when the shots were fired. He was wounded in the abdomen and taken to the Monongahela Hospital. Viscy was discharged from that institution last week. His brother also was shot.

The Bell System in Fayette County

On January first 1911, there were just 5,195 Bell Telephones in Fayette County, connected to the eleven Bell Central Offices. To-day there are more than 5,852 telephones in the county. This means an increase of 13% in the communication power of every subscriber.

The growth of the Bell System in these progressive communities is certainly an indication that they place a high value upon their Bell Telephone service.

Each Bell Telephone in Fayette County is the centre of the great Bell System which, girding the whole nation, affords quick, efficient communication with anyone you wish to reach.

These facts are all important to the telephone using public. No live community wishes to shut itself off from the rest of the country. To be prosperous it must have business dealings with as many other communities as possible. The Bell System of over six and a half million telephones binds together over 70,000 places in one great commercial and social system that sends 24,000,000 messages a day.

NEW COKE PLANT AT DENBEAU WILL EMPLOY SIX HUNDRED MEN

Fowkes Brothers of Pittsburgh, Plan Erection of 250 Ovens at Works.

BROWNVILLE, July 17.—The contract for the erection of a new \$500,000 coke plant at Denbeau station, on the Pittsburgh, Virginia & Charleston railway, will be let this week. Denbeau is located two and one-half miles south of West Brownsville.

Fowkes Brothers, of Pittsburgh, who until recently, were principal stockholders in the Midland Steel company,

have purchased about 600 acres of coal at Denbeau. The owners of the new coal field have asked for bids for the sinking of two shafts, the driving of one slope, and the erection of 250 coke ovens. Houses for the miners, also will be erected. The plans for the plant will be completed today. It is thought, and the contract will probably be let Saturday.

The new plant at Denbeau will employ about 600 men.
